# WELCOME

The ICTV board and staff acknowledge and thank the Arrernte people for allowing us to hold the Festival of Remote Australian Indigenous Moving-Image (FRAIM) on their beautiful lands here in Alice Springs—Mparntwe. We welcome everybody here to this beautiful location to share some of the very best videos made by Indigenous video makers across remote Australia.

## ABOUT ICTV

ICTV is a not-for-profit public company limited by guarantee and managed by an Indigenous Board of Directors. We deliver cultural and community video content to remote Aboriginal and Torres Strait Islander communities around Australia, and beyond.

Our members are made up of Indigenous Australians living in remote areas of Australia, and our content is created for, and by, Indigenous Australians living in these areas.

ICTV enables the sharing of cultural stories, song and dance, language and essential information through two accessible platforms—the ICTV television service and the on-demand, internet-based service, ICTV Play. We also produce and support the production of video content in remote communities.
